All American Roofing
2649 Marsh Road
Wilmington, DE 19810-1535

To Whom It May Concern,

I just wanted to take the time to give you my testimony on my recent work done by your company. After the worst snowstorm of 2003, I can honestly say my newly installed flat roof didn't have any leaks. I also had some patch work done on my kitchen roof by your company (even though you recommended a new replacement in the future) and again not a drop of water in sight unlike previous years and hours of frustration.

Thanks again for doing such an outstanding job and will highly recommend your company to everyone who would have a need for a new roof in the future.

Regards,

Brenda N. Mason
